VOLUME IV.

EDMONTON, ALBERTA, WEDNESDAY, JANUARY 10, 1906.

NUMBER 8.

EDMONTON WILL HAVE THE ANNUAL EXHIBITION

City Council Decided Last Night and Leased Grounds for the Current Year and the Fair will be Bigger and Better Than Ever

Last night's council was a long drawn out affair, lasting until 12 o'clock, midnight, but a large amount of important business was transacted between sitting and rising. The most important thing accomplished during the session was the leasing of the exhibition grounds by the city. When the mayor took the chair, before the minutes were read, a delegation representing the Edmonton Industrial Association presented itself and asked the council to take some action in regard to the exhibition park. The council committee which was appointed at the last meeting to look into the matter of securing the exhibition grounds for the city put in its report in the shape of a letter from McDougall and Secord, which read as follows:

41 acres at \$1,200 per acre	\$49,200
Buildings and improvements	13,563
Less depreciation	62,763
	2,763
	\$50,000

Yours truly,
McDOUGALL & SECORD.
Messrs Morris and Ross acted as spokesmen for the delegation and amended the offer, in accordance with a resolution passed by the Industrial Exhibition Association at their annual meeting on Monday, providing that the city might lease the grounds for \$3,000 for one year with an option to purchase at the end of the time.

January 5th, 1906.
R. Hansen, chairman of streets and parks committee, Edmonton,
Dear Sir:
With reference to our conversation today re purchase of the Edmonton Industrial Exhibition Association grounds, consisting of forty-one acres together with all buildings and improvements thereon, we would say that although we do not own the whole of the property above mentioned we control about five-sixths of the whole stock and we would recommend to the shareholders and would sell to the city and give the city an option for sixty days to purchase the property at and for the price of \$50,000. Our valuation is made up as follows:

MAY FIND RICH DIAMOND FIELD

American Expert Thinks this is Possible to G. T. P. Survey Parties

New York, Jan. 9.—At there may be a rich diamond field in Canada was the opinion expressed by Dr. F. Kunz, mineralogist, before the New York Academy of Science. Since 1830 about 200 diamonds of the size of hazel nuts have been found in various parts of the States where they were deposited by glaciers. Dr. Kunz, in his speech, said: "The new national transcontinental railway from Quebec to Winnipeg, and the great wheat region of Manitoba will traverse the country whence the diamonds have come. Dr. Ami declares that the government is sending out numerous surveying parties for exploration along the route. Some of these may make interesting and even important discoveries."

McCRANEY NOMINATED.
Prince Albert, Jan. 10.—G. E. M. McCraney, of Rothern, received the Liberal nomination by acclamation for the Federal seat of Saskatchewan. Out of 60 delegates only two were represented by proxy. The City Hall was packed by prominent Liberals, and great enthusiasm was manifested. Mr. Isbister, of Saskatoon, acted as chairman, and J. P. Stirling, of Prince Albert, as secretary. Resolutions were carried of confidence in the Liberal Government and Sir Wilfrid Laurier and in Premier Scott, congratulating him for his magnificent victory.

MERCHANT MISSING.
Regina, Jan. 10.—Proceedings were taken today to close the stores operated here by Bernard Glasser, the missing merchant.

TYREMAN ELECTED.
Prince Albert, Jan. 10.—Yesterday returning officer Sinclair made the declaration for Prince Albert district, resulting in 95 of a majority for Dr. Tyreman. The figures are: Tyreman 411, Donaldson 316.

WILL NOT BE CHANGED.
Regina, Jan. 10.—Hon. W. H. Cushing, Minister of Public Works, admitted in an interview here today, that Edmonton was likely to remain the capital of Alberta.

INGLIS RETURNING.
Winnipeg, Jan. 9.—R. Inglis passed through here tonight, returning to Edmonton from Montreal.

NOTHING FROM MR. MORSE.
So far the mayor and city council have heard nothing from F. W. Morse, as to when he will be in the city or whether he will be in the city at all or not on his trip. Mr. Van Arsdale, district engineer for the G. T. P., wired the general manager yesterday enquiring when he would be in the city, but so far no answer has been received.

SIX MONTHS FOR DOWIEITE.
Whiteley, Jan. 10.—Eugene Brook a Dowieite leader at Toronto and Dowie's representative in Canada was sentenced by Judge McCrimmon, senior judge of the County of Ontario to six months with hard labor in the central prison on the charge of aiding counselling and abetting Marshall Harman of Victoria Corners in the township of Brook in neglecting to secure medical assistance during his wife's last illness.

ONE OF ALBERTA'S GREAT RESOURCES

Edmonton Man Tells Winnipeg People of the Fish Industry

Winnipeg, Jan. 10.—The far Northwest has national resources, which even now in its veriest infancy distributed \$150,000 in wages to settlers, Indians and half breeds in the Edmonton district during the season when they have no other means of cash revenue. I refer to the fishing industry which is carried on in numerous lakes north of Edmonton, where the finest white fish in the world are caught. This was a statement made by Norman C. Butterfield, of Edmonton, who is one of the best posted men on the inland fishing industry in the west.

LOCAL
—There was a large crowd at the rink last night, and the ice was good.
—There will be hockey practice at the rink tonight from 7 to 8, and skating afterwards.
—The high school literary society will meet this afternoon in the school room of All Saints' church.
—The weather report from 8 o'clock last night to 8 o'clock this morning are: maximum 34; minimum 10; barometer 29.78.

—Edmonton St. Andrews Society will hold a banquet at the Queen's Hotel on Burns anniversary, Thursday, January 25, at 9 o'clock.

—A team from the Edmonton public schools will journey to Strathcona tonight to play a game of hockey with a team from the schools across the river.

—Arthur Congdon, of the firm of Arthur Congdon, wholesale boots and shoes, Winnipeg, is in the city on business. This is his first visit to Edmonton in 15 years; he is surprised at the changes which have taken place.

—The shipments of coal over the Canadian Northern for the fifteen days from December 16th, to December 31st, totalled 1,000 tons. The Edmonton product went as far east as Winnipeg, where it met the Southern Alberta and Pennsylvania coal in competition. Most of the shipments, however, were to points along the line between here and Dauphin. Shipments were made by every working mine in the district.

—The Edmonton Retail Merchants association held its regular meeting last evening in Gaiety's Hall. There was a large attendance, several being present from Strathcona. The most important matter for consideration was the appointment of a permanent secretary. Cecil Sutherland has been acting secretary since the organization of the association a month or so ago, but as there is a good deal of work in connection with that office, it was decided some time ago to advertise for a permanent secretary. A good many applications were received, and the meeting finally appointed W. G. Harrison, barrister, to the position. It was also decided to elect an executive council of twelve, of which six were to be Edmonton men, the other six being representatives from Strathcona, Fort Saskatchewan and St. Albert. The six representatives from Edmonton appointed are Messrs. H. Aldridge, W. Goldsmith, of the Hudson's Bay, H. W. B. Douglas, John I. Mills, John Somerville Jr., and A. A. Morrow. J. H. Morris and John A. McDougall were appointed delegates to the meeting of the Retail Merchants association to be held in Winnipeg in February.

TWENTY KILLED IN LAND SLIDE

Clay Bank Collapses Carrying Down a Village

Havrestraw, New York, Jan. 10.—A force of men are working frantically today to uncover the ruins of 113 houses carried down in last night's landslide into the pit. Up to eleven o'clock there had been little success owing to the great mass of clay to be moved, and to the fact that where the houses had burned the debris was so hot that the work was very slow. At that time it was estimated that 20 persons were dead as the result of the falling away of the ground and the fire that followed.

The houses had been undermined by the shifting clay that had been softened by a snowfall, and the homes, with their three score of sleeping occupants, toppled over the brink of the pit and crumbled to pieces. The houses, which were of wood, were set on fire from the overturned stoves, and the debris was soon a mass of flames. Fifty tenants escaped with more or less serious injuries, while twenty are believed to have been killed outright, or burned to death.

NINE BURNED IN HOTEL FIRE.

Winnipeg, Jan. 10.—The West Hotel, the biggest and best hotel in Minneapolis, is burning. Up to now nine are reported killed and 14 are in the hospital. Hon. F. W. G. Haultain is staying there. There is no news of him as yet. The building was valued at a quarter of a million.

THE BOARD OF TRADE HELD MONTHLY MEETING

Members of the Board Will Inspect Telephone Systems While in Winnipeg—Will Help Calgary Secure the Fair

The monthly meeting of the Board of Trade was held in the city council chamber yesterday afternoon. The most important feature of the session's work was the decision of the board to call the representatives of the different telephone systems to meet them in Winnipeg, when the board goes down on the Canadian Northern excursion on or about the 27th day of January, and to inspect at close range the different improved telephone apparatus the various companies have for sale. This and the board's decision to assist Calgary to get the Dominion fair for 1907 occupied most of the board's attention. The resolution addressed to the postmaster general pointing out the inadequacy of the present post office premises, and the necessity of a service on the Canadian Northern, was passed unanimously and almost without comment.

The meeting was called to order at about 3.30 p.m., with the president in the chair. After the minutes had been read, the first business to engage the board's attention was the election of new members, and about a dozen names were submitted, and passed unanimously. Under the head of communications, the first matter was a letter from the Halifax Board of Trade asking the Edmonton Board of

Trade to endorse their attempt to secure a bonus for steel shipbuilding. The matter was turned over without comment for the council of the board to reply to.

A communication was presented from Wilfrid Laurier, asking that a delegate be appointed and sent to the forestry convention at Ottawa. As the convention has already concluded its labors there was nothing to do but lay the matter aside.

A letter was read from the Edmonton Industrial Exhibition Association enclosing the following letter from the department at Ottawa with regard to a seed grain exhibition.

Department of Agriculture.
Calgary, Aug. 25, 1905.
The Seed Branch has a scheme on foot in which we wish to co-operate with the agricultural societies in an endeavor to encourage the production of a high class of grain, and to help the man who produces a better class of grain than his neighbors in disposing of that grain for seed rather than marketing it through the usual channels. What we propose is the holding of seed fairs, or seed exhibitions in the months of January or February. Persons exhibiting at these exhibitions would be obliged to certify that they had some definite quanti-

STRATHCONA BRIEF NEWS ITEMS

A Bunch of Local and Personal Items from the City Across the Way

Strathcona, Jan. 9.—Mr. Oscar Orison of the White Star coal mine was brought in town yesterday suffering from a complication, the result of a cold.

Mr. Humber, Leduc was in town last night. He came up on business and before leaving secured some real estate. Mr. Humber is optimistic as regards Northern Alberta and the two sister towns.

Mr. Brymer, late of N.B. has been indisposed of late owing to a severe cold and change of climate and business. Dr. Kean has been in attendance and now his patient is able to be on the streets occasionally.

The funeral of the infant child of Mr. Isaac Brinkman took place today at 2 p.m. to the town cemetery, Rev. Mr. George officiated.

Mr. Charles Cropley, foreman for Mr. J. Walters, in the woods several miles up the river, has been in town for about a week making arrangements for teams, supplies, sleighs and men for the woods. He reports the timber in the neighborhood to be plentiful, but small, averaging about 20 logs to the 1,000 ft. of lumber. He says they have a good supply cut and skidded ready for the snow, so that they can rush them to the river, and in the event of the snow not coming, they purpose to put on water tanks to water the roads and thus get ice roads for the teamsters instead of snow. This will surely increase the price of next year's lumber cut, and also shows that the lumberman's life is not all "smooth sailing."

It is rumored in town that the Union C.P.R. and G.T.P. station will be built here at what is known as the Y. Both G.T.P. surveys touch this particular point, hence the report is quite reasonable to believe and its realization likely.

RED DEER BUDGET

Red Deer, Jan. 9.—The Red Deer seniors defeated the intermediates last night in a fast but rather one-sided game by a score of 10 to 2. Clemens was the star player for the seniors and appeared to score at will. Referee C. Berry. Attendance 200.

A wrestling match has been arranged between B. F. Krause of the Alexandra Hotel and E. Pennington of Blackfield, Cumberland-Westland style for a purse of \$500. Pennington to throw Krause in 15 seconds or forfeit the money. This match will be an interesting one, being a new class of wrestling in this country and both men being well known in town.

H. Behnke, brought in what is probably a record load of coal from Coalbanks yesterday. It totaled 20,000 lbs. and was pulled by two teams. This is a very large load taking the roads into consideration.

A board of trade meeting was held last night to the capital. No press representatives were admitted.

Ion Atkinson returned to Wetaskiwin yesterday.

W. Duckworth of Lacombe was in town last week.

The "Desperation Club" held a skating party on the river last night.

A great deal of complaint is going round about the curfew, as it appears to do very little good. Would it not be a good idea to ring the bell say at 7 a.m. and 6 o'clock, thus giving the people an idea of the time?

C. D. Hanley of Cleveland, Ohio, has been in town for the last few days.

Warehouse sites. Facing the C. N. R. 2 lots, 150 foot frontage on Mackenzie for \$3,000, top of Fourth street and also top lot 150 foot frontage on Mackenzie for \$5500 top Fifth street.

Wanted. Scrip for 240 acres, at once. Reasonable price paid and all in cash.

For cash only. We can sell you 20 lots on the Norris estate for \$1500 each in it. It is impossible to get anything to bear this proposition in Edmonton real estate market. Only fancy—\$55 per lot. Owner must have money by 21st December, hence the sacrifice.

Here is another good thing: Two high and dry lots across the C. N. R. track for \$750 each, and terms. Have you noticed the rise lately across the track. We have several single lots there at \$750, terms.

Special attention. Two lots close in, on the 1st. Lots for \$750, very easy terms. These are worth \$900.

Several lots on First, Second, Third and Fourth streets, West End, north of Jasper, from \$2000 up to \$4000 each. All good safe buying and sure of increase in value before many months.

Improved farms. There is sure to be a rise of values in the spring. We have several snaps at present in Stoney Plain, Clover Bar, and Sturgeon. What we cannot show you in good value will be hard indeed to find from \$10 to \$40 per acre and close in to Edmonton city.

Unimproved farms. We have several large tracts of country lying along the new railroad line from \$5 per acre and easy terms. The best of deep black loam and clay subsoil and partly clear of brush, plenty of good water.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It always cures, cheap and better to check a cold in the very beginning. It is safe, too.

Shilo's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shilo's Consumption Cure is without doubt the best remedy for Coughs and Colds in the market. One used, my children will not suffer. I, Edgar, Manager, Ont. It is anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Never you your dealer can lose. Isn't that fair? 25c is the price. All dealers in medicine sell."

SHILOH

LISTEN

I will say to the public in general I am now ready to treat any and all kinds of diseases, and I defy any one to bring anything to my office that I cannot relieve and cure if my advice is strictly complied with, providing it is a possible curable case. It matters not how long standing or how hopeless the case may seem; those cases are preferred. All I ask is to have you give me a chance to substantiate my assertions.

I also have bathing facilities for the public.

BOARD OF TRADE.

Continued from Page One.

ty required by the society, say, ten bushels, of which the exhibit shown was a true sample. We would thus have a market as well as an exhibition. Buyers would be allowed to take a quart sample, and if the larger amount sent be not according to sample, the agricultural society would have the power to punish the exhibitor by holding back his prize, or by preventing him from exhibiting again. The seed fair should be held early enough so that farmers wanting to get seed might go and see if they could get what they wanted, and if not, would not be too late to buy elsewhere. If your agricultural society is willing to undertake such a seed fair the seed branch will supply a judge and pay his expenses, will pay for the advertising, and, in addition, will give a one or two day seed institute similar to the live stock institute meetings that were held last season. At this seed institute men who are competent to speak will give addresses on such subjects as the judging of grain, importance of good seed, weeds and how to combat them, soil cultivation and other such important topics. In the addresses on judging the exhibits will be used as a demonstration. I wish it clearly understood that in both these proposals it is beyond the power of the seed branch to give direct grants for prizes; that power pertains to the Provincial authorities. But we are willing to meet all other legitimate expense, except that we expect the local society to provide a hall, light and heat it.

I shall be obliged, Mr. Secretary, if you will bring this matter before your board of directors, and advise at as early a date as possible what action you are prepared to take on it.

If you wish any further information, or if there is any point I have not made clear, I shall be glad to answer any inquiries.

I remain, yours faithfully,

W. C. McKILLICAN,

Alberta Representative, Seed Branch Dominion Department of Agriculture, Ottawa, Ont.

The Secretary said that as there was no meeting of the Board last month, he had taken it upon himself to send copies of the letter to the farmers' associations, and that these bodies had already gotten to work on the matter, as a letter which he read would show, the association asking the board to furnish a hall for the purpose of holding a seed grain exhibition on the 12th and 13th of February. They said they hoped to have a prize list of about \$500 or more, and that a very creditable exhibition would result. The secretary added that Robertson's Hall could be rented for two days for the fair for \$20. On the motion of John A. McDougall, seconded by K. W. McKenzie, it was resolved to grant the request of the Alberta Farmers' Association, and grant them the hall for the fair.

A letter was read from the Winnipeg Board of Trade enclosing a letter from Marcus D'Auria, asking that the subsidy which was granted by the Dominion government to the purpose of establishing lines between this country and France be also extended to such lines as may be established between Canada and Italy. The Winnipeg board stated that their committee had gone into the matter, and they had found that the proposition made by Marcus D'Auria did not call for any increase in the Dominion subsidy, and that as Italy is a large consumer of farm products such as Canada has to sell, it was there endorsed. The action of the Winnipeg Board was endorsed.

A letter from Superintendent Tait of the C.P. telegraph, was read, pointing out that in deference to the wishes of the Board the telegraph office would be kept open until 10 o'clock at night. The letter was filed, without comment, as the incident is now ancient history.

The telephone matter was the next to come up, and it called out very voluminous discussion. The question was brought to the notice of the board by a letter presented by Mr. Short suggesting that the board of trade should take advantage of the excursion which the Canadian Northern was offering it to meet all the telephone experts they could in that city, and to see what they had to show in the matter of the latest improvements in automatic systems or any other. He also suggested that the board might take up the matter of provincial ownership of long distance lines to the extent of urging on the legislature that the province take these lines over and operate them, giving the cities ac-

cess to them for service along with the municipal plants.

Mr. Cushing asked what was the latest with regard to the excursion, and was there any sure thing that there was going to be an excursion? Mr. McKenzie told what telegrams he had received, and Mr. Kirkpatrick stated that Mr. Pace had told him that the excursion would take place on the 27th of this month. With regard to Mr. Short's suggestion that they meet the telephone experts in Winnipeg, Mr. Cushing said he was very much in favor of the idea. While the telephone committee of the city council had decided to recommend the appointment of an expert, there was no reason why the board should not take advantage of every opportunity that afforded itself for them to gather information on the working of the telephone business.

John A. McDougall pointed out that if the different manufacturers of telephone supplies wanted to sell their goods they would undoubtedly be found very ready to come to Edmonton and put their goods on exhibit here.

Mr. Short stated that he had the idea that they could meet all the telephone experts at Winnipeg at once, and have an opportunity to see them all there. He said that he had written the Chicago automatic people, and that they had replied that they would send an expert to that city at any time to meet the board, or any one else. He had also written the Canadian automatic people, but had not had time yet to hear from them on the matter. The Bell people, of course, had a large modern system working there. Having visited Winnipeg, and made themselves familiar with the general principles of the different systems, Mr. Short said it would not then be improper for the board to appoint a delegation to go to Chicago or wherever it was necessary for them to see the plants of the automatic working order. He pointed out that the telephone was peculiarly a business man's concern, and that the members of the board were the very men who would be using the telephone most, and that the council would undoubtedly feel encouraged by the action of the board in taking a very close interest in the rethinking of the system.

Furthermore, he stated, the city would soon find that it will have to take up the telephone business on a very much larger scale—in fact that it should be doing so now. He did not propose that it should invade the territory south of it, now served by the Bell, but that there was a large territory to the east, west and north of the city that Edmonton would do well to serve in order to secure the business for this city, and he suggested what- ever plant they found necessary to replace it by automatics or any other system, the one now in use might be well employed in establishing a plant in Vermillion or Vegreville. At any rate, the board should be thoroughly satisfied that the system which is to be adopted is the very best before any action is taken by the council to install it, and there was no better way of getting acquainted than by seeing the different plants side by side.

Mr. McKenzie said that he agreed with Mr. Short that the board members should be thoroughly satisfied that the system which had been adopted is the best. He had taken considerable pains on the occasion of his visit east last summer to look in to the merits of the automatic, and so far as he could see, while he was not a telephone expert, the system was working first-class. He had gone 100 miles out of his way to see it in Grand Rapids, and without disclosing why he was asking, had made a great number of inquiries from subscribers there as to how they were satisfied, and found that they unanimously endorsed the automatic. He said that while the council had decided to employ an expert there was no reason why they should leave it all to one man. The board might just as well satisfy itself.

Mr. J. H. Morris, who was with Mr. McKenzie, stated that when they were visiting the Grand Rapids plant the company's manager, Mr. Ellis, had made an offer which, if they could get it in writing, the council and board would do well to look into. Ellis offered, on behalf of his company, to take over the Edmonton telephone and electric system at their proper market value, rebuild them, and install the latest modern appliances at the lowest rate that the city itself could supply the same service, pay the city either five or ten per cent of the gross revenue—he was not positive about the amount—and at the end of ten years hand the whole service back to the city in perfect running order at a valuation fixed in the same way that the original valuation was made. He stated that the company claimed to be able to do this by virtue of the improvements that they would install, which at the present time Edmonton does not use.

Mr. McKenzie added, in explanation, that this company carries its light, power and telephone business all over the one system of wiring. Mr. Brunell, president of the Farmer's Equity Society, pointed out that any consideration of the telephone business which did not take account of the farmers was not up-to-date, as he believed that the time was at hand when every farm house would be supplied with a telephone. Mr. T. W. Lines seconded Mr. Cushing's motion that the telephone companies be notified to send experts to Winnipeg to meet the members of the Board of trade there, to demonstrate the merits of their systems, and the motion was passed unanimously.

A letter was read from the Calgary Board of Trade asking the Edmonton Board of Trade to endorse and support their efforts to get the Dominion exhibition of 1907 for that town. The letter called out considerable discussion, especially in view of the fact that Edmonton has already commenced negotiations looking to securing the Dominion fair for this city in 1907 or 1908, but the board decided that as Calgary wanted the fair, and there should be no disposition of the Edmonton people to "hog it all," they should help Calgary get the fair. Consequently a resolution was passed instructing the secretary to write the Calgary board that the Edmonton board would support them in their effort to get the fair for 1907.

A letter was read from the Inland Revenue department stating that the department had made arrangements with Professor McLagan for a series of lectures for April, May, and June in the Northwest, and that if the Board wanted a lecture here, a date should be named? It was resolved that any date in June would do for Edmonton, and an invitation was extended to Professor McLagan to visit the city in that month.

The Western Canadian Immigration Association wrote asking in regard to financial support from the city for this year. The matter was turned over to the council of board.

The assessment commission, which was appointed to look into the workings of the floor space assessment, submitted a report in which it was stated that the working of the assessment as now arranged bore harshly on some of the city's most important industries, and that it militated against the establishment of new industries in the city. Mr. Cushing, chairman of the committee, who submitted the report, stated that they had found a case where two industries, similar in many respects, had a great disparity in assessment and taxation. One paid only \$22 with 12 men working, while the other paid \$300 with only four men working. The committee recommended that some change be made.

Mr. Short wanted to know if there was no interpretation of the classification which would provide in the case cited for an equitable assessment, and Mr. Cushing said that so far as he could see there was none.

Mr. Lines pointed out that the Edmonton Brewing and Malting Co. were being charged a business tax on floor space in the bottle room where they stored empty bottles, and that if the present system were followed out next year they would be taxed for floor space in their malted and store rooms, bringing their taxes up to \$100 a month, a tax which no business of that kind could pay.

Mr. Picard and Mr. McKenzie stated that the floor space system was new, and that, like all new methods of taxation, was liable to need adjustment. They suggested that the inequality could be gotten over by the addition of more classifications.

Mr. J. H. Morris moved and Mr. T. W. Lines seconded, that more classifications be added, and that these classifications be so arranged as to provide for the encouragement of new industries, which resolution was passed as a recommendation to the city council.

A report of the special committee was read setting forth the need of larger post office premises; the desirability of having mail cars attached to all passenger trains running into the city, and of mail delivery within the city.

WEDNESDAY, JANUARY 10, 1906.

THE WEST APPROVES

The announcement from Ottawa that the vigorous immigration policy of the Government is to be continued will meet with hearty approval throughout the west. Whatever may be the opinions held elsewhere the logic of events has demonstrated to the entire conviction of western people that the first necessity of western progress is to get more people to devote their energies to the development of the country's resources. The attitude may be subtle to the reclusive and the poetically inclined, but to the ambitious and aggressive westerner a well-settled community is far preferable to an uninhabited landscape.

To the nation and the race the past ten years in Northwest history have meant more than all the preceding centuries. The far-travelled hunters and the whims of the wealthy; the farmer and the stockman produce for all the prime necessities of life and by industry prepare the way for multitudes and lay the foundations for the development of a civilization which shall be carried to completion by their children's children. Upon the efforts of these men the hope of the West reposes, and the public sentiment of the Western people may be counted on to endorse and sustain a policy calculated to multiply the laborers and thus hasten their work.

Nor will it be less satisfactory that strong efforts are to be made to secure large numbers of settlers from the Mother Lands. The ideal of the West is not only greatness but greatness achieved under the British flag and stamped and moulded by the genius of the race. The thousands of immigrants from the British Isles who are now numbered among the producers and respected citizens of this new land are living witnesses of the falsity of the doctrine that Britishers do not make good settlers and while Western Canada will gladly welcome the industrious and intelligent from any land, the sentiment of kinship will approve most heartily the efforts to secure settlers from the country which cradled our forefathers.

Current Comment

Up to date the Regina Standard has not accused the Hon. Walter Scott of robbing the Bank of Montreal.

Toronto is to have an "artificial ice" rink. This, however, is only a substitute. The real purpose of the factory is to assist the News in maintaining normal temperature when the election returns come in.

The Mail and Empire decries at length on the villainous practice of "Slandering the Electors" because they voted the other way. No direct reference is made however to the Conservative press of Saskatchewan.

While yellow journalism may be conducive to crime it would be an exaggerated assumption of the influence of that journal to hold the Regina Standard responsible for the rumormongering which has caused the Saskatchewan capital to figure in the press despatches of the past few days.

The Orange Sentinel considers it "an extraordinary spectacle in a British possession that the little children should be required to make public acknowledgments of their love for the flag and promise allegiance to it." It is quite as "extraordinary" as the Methodist class-meeting or the Baptist testimony service in which the members of these denominations are required to "make public acknowledgment of their love" for the religion upon which the churches rest and to "promise obedience" to its requirements.

A REGINA HOLD-UP.

Regina, Jan. 6.—As Edgar Walper was closing the bar of the Victoria Hotel last night, at 11:27, Robert McLellan walked in and asked for it. It being a few minutes before closing McLellan came in and asked for a drink. McLellan then asked for 50c. worth of cigars, and they too were handed out. Walper turned to put the cigars away, and as he faced the bar again he was met by a levelled revolver in the hands of his customer. "Hand over the money," said McLellan, and the bartender replied, "What do you mean?" The reply soon convinced Walper that there was no joke, for McLellan said, "Hand over the money quick, or you are a dead one." McLellan got the better of valor just then, and without further attempt at

parley, Walper reached for the cash register. He never took his eye off the hold-up man, however, but pulled the bills out blindly with his back to the till. He handed over all the greenbacks, but the hold-up man was not satisfied. "Is that all the money there is?" he asked in a tone that indicated disappointment.

Walper was by now well anxious to be rid of his visitor, so he replied, "No, there is some silver left yet." Big things or nothing, was the motto of the man with the gun, however, and he told the bartender to leave the silver alone. With that he backed out of the bar, still keeping the revolver levelled, and telling Walper to keep quiet or be shot. Walper chose the former alternative, as it was much nearer, and he never opened his mouth. Meanwhile, Mr. Hold-up Man left the building about \$20 richer. Walper was well scared, and the firm was decidedly poorer.

Sergeant Wilkinson and Police-man Sample were notified, and were soon on the heels of the bad man. They went into the Lansdowne hotel shortly after and heard a voice from the top of the stairs say to the clerk in charge, "Wake me up in the morning." He never took the train. The two policemen ascended the stairway and followed the would-be passenger to room No. 38. Here he was arrested and searched. On him was found \$25 in bills, and under the pillow of the bed was a number 38 Iver-Johnson revolver. Mr. Hold-up Man was taken to the cells and there kept until morning.

He was arraigned before Magistrate McCausland and committed for trial on the charge of robbery with violence. He admitted to the police that he had taken the money, but that he had no intention of killing Walper. He also admitted that he was at present on suspended sentence from Elkhorst and Brandon.

A NOVEL ELECTION ADDRESS

London, January, 9.—Sir, Charles Dilke has issued a novel address to his constituents of the Forest of Dean division of Gloucestershire which he has represented in the House of Commons in an advanced radical since 1892, consisting of a single sentence as follows: "I solicit a renewal of your confidence."

NEW AUTOMOBILE CO

Winnipeg, Jan. 9.—A new automobile company has been formed with a capital of \$100,000. The interested parties are Mackenzie & Mann, E. S. Clouston of the Bank of Montreal, E. Carpenter of Hamilton, W. H. Beardmore of Toronto. Prominent Winnipeg people have taken stock in the new company.

WINNIPEG LAUNDRY BURNED

Winnipeg, Jan. 9.—Today fire broke out in the Dominion Laundry, destroying or damaging the plant. The fire started from the wiring in the second story, the plant being shut down for dinner and the hands being absent. The damage on the building is \$3,000. There is insurance to about that amount. The damage to plant is \$300.

PREMIER WANTED ABROAD

Ottawa, Jan. 9.—A declaration from Erie, Pennsylvania, waited on Sir Wilfrid Laurier tonight and got the Premier's consent that he would attend a banquet of the Chamber of Commerce in that city early in October next. That was the earliest day Sir Wilfrid could arrange.

BRITISH SUBJECT RELEASED

Hong Kong, Jan. 9.—J. E. Goddes, a Hong Kong merchant and British subject who was imprisoned in Siberia for twelve months, and brutally treated on suspicion of being a spy in the service of the Japanese has been released and is returning to Hong Kong.

CANADIAN LINER WON

(Vancouver Province)

St. Petersburg, Jan. 9.—The Japanese have evidently won another race across the Pacific, this time her victim being the American Maru of the Toyo Kisen Kaisha Line. The American Maru left Yokohama six days ahead of the Empress of Japan with a valuable cargo of raw silks, in a desperate attempt to lay her cargo down in San Francisco before the C. P. R. liner would land a like cargo.

No word of the arrival of the American Maru off San Francisco was received up to noon today, while the Empress of Japan will reach this port this afternoon at 4 o'clock. The Empress passed Carmanah Point last night at 10:30 o'clock, and arrived at Victoria a few hours later. She left Victoria at 10 o'clock this morning.

Although arriving on her schedule date, the Japan is a little behind her regular time. Though no word was received it is the belief of the C. P. R. officials that she must have encountered the terrific storms that have been prevailing for several weeks on the Pacific.

—Chronicle: It is stated that somewhere about six weeks ago a telegram was sent to a gentleman doing business in Strathcona. He was expecting the telegram and was somewhat surprised at not receiving

it. Later a letter arrived mentioning that a wire had been sent. On enquiry at the office, however, it was nowhere to be found, and the company assured the inquirer that it could not have been despatched. A copy of the telegram was, however, procured from the office from which the telegram was sent, and armed with this another attack was made upon the telegraph office, which resulted in the telegram being unearthed from among a quantity of old papers nearly six weeks after it should have been delivered, and after several vain attempts had been made to locate it. The cost of the telegram was \$1.00 and this amount the local office refused to refund until the matter had been further inquired into.

ANNOUNCEMENT

We respectfully beg to announce to the public that we shall open up-to-date architectural offices for the practice of our profession, in the city of Edmonton, Alta., on or about January 15th, 1906, and respectfully solicit a share of the public patronage upon the merits of our reputation to give our clients the best in our line of profession, which is our ambition and endeavor to maintain and extend.

We may state that we will fully cover the Western Provinces of Saskatchewan, Alberta and British Columbia, as we have offices at Regina and Calgary now, and with our office in Edmonton, we shall rank with the largest offices in Canada.

We employ a staff of competent and skilled assistants, who are fully up-to-date in all lines of our business. Parties who wish to correspond with us until such times as we open up in Edmonton are requested to address all letters to P. O. Box 275, Calgary, Alta.

Yours respectfully,
W. M. DODD,
E. C. HOPKINS,
Assoc. Architects.
Calgary and Regina,
to Jan. 15, 06

EDMONTON ST. ANDREW'S SOCIETY.

Edmonton, Alta., Jan. 8.

A general meeting of this society will be held in the city council chamber on Thursday evening at 8 p.m. All members are requested to attend, and all Scotsmen wishing to become members will be welcome.

By order
HARRISON LYONING,
Secretary.

CRAFTS & LEE

Land and Business Exchange,
Edmonton, Alberta, Canada

TOWNSHIP 48.

All 13-18-14. This section is nearly all open land, soil of black loam, clay subsoil, the G. T. P. survey runs within half a mile, \$9.00 per acre.

TOWNSHIP 49.

All of 19-49-13. Surface slightly rolling, nearly all open land. Since the rise in C. P. R. land this is exceptionally good value at \$8.00 per acre.

N. 1/2 35-49-19. About half of this land is open, balance has some small brush; very rich black soil, ten acres of meadow on the north-east corner, \$9.00 per acre, \$12.00 cash, balance equal annual payments.

All of 27-49-18. Some brush and small poplar groves, surface generally level sloping slightly to a draw on each side, soil deep black loam covered with a heavy growth of grass. This would make a splendid farm, can sell separately east or west half, \$9.00 per acre, easy terms.

TOWNSHIP 50.

E. 1/2 36-50-24. Surface slightly rolling. Some brush. Log house and two miles of wire fencing, \$7.00 per acre, easy terms.

Fracs. 33-50-18, 545 acres. This beautiful section fronts on the south end of Beaver Lake. The G. T. P. survey runs within two miles of this land. Surface nearly level, soil deep black loam, with clay subsoil. Some small brush but nearly all clear. This is one of the finest sections of wild land for sale in Alberta, \$11.00 per acre, \$2,500 cash, balance equal annual payments.

TOWNSHIP 51.

S. 1/2 12-51-13. 320 acres, good soil, \$24.00, half cash, balance easy terms.

N. E. 1/4 15-51-25. This is a good quarter section, very party wanting an improved farm. 62 acres under cultivation, small log house and stable. The quarter all fenced with rails. Three miles from C. P. R. station, half a mile from school, 3/4 of a mile from church. The soil is a deep black loam, clay subsoil, \$2,500 with cash payment of \$950, and \$100 a year until paid.

W. 1/2 15-51-15. This is a beautiful half section, surface slightly rolling, some brush and poplar groves, about 70 acres hay meadow, soil very rich deep black loam, clay subsoil, \$9.00 per acre, one third cash, balance one and two years.

TOWNSHIP 52.

W. 1/2 16-52-13. Mostly level, soil deep black loam, clay subsoil, nearly all open land, 15 acres broken this year. This is a choice piece of land well located one and a half miles from C. & R. station, \$9.00 per acre, half cash.

E. 1/2 and N. 1/2 W. 1/4 32-52-13, 480 acres. Slightly rolling, soil deep black loam, with a heavy growth of pea vine and vetch, very little brush, \$8.00 per acre, half cash.

River lot 27 of the Edmonton Settlement, 758 acres, joining the Saskatchewan River. This is an improved farm one and a half miles from Edmonton. 75 acres broken; frame house of six rooms, good stable and granary, with plenty of coal in the river bank. This farm will some day divide up for market gardens. Offered today at \$100.00 per acre, \$10,000 cash, balance on a mortgage at 8 per cent.

TOWNSHIP 53.

Fracs. S. 1-2 28-53-23, 198 acres, surface slightly rolling, soil black loam, 4 to 9 feet deep, with clay subsoil, 100 acres cultivated. Log house 18x25, 1-1/2 stories high, small log barn. For a man wanting an improved farm this is one of the finest that is offered, \$30 per acre, \$4000 cash, balance 1 and 2 years.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 28-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black, clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of 8-53-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year round. This is a fine section, and well located, one half mile from railroad siding, \$8.00 per acre, \$2500 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N. R. siding; \$8.00 per acre, \$1500 cash, balance mortgage four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 18x24, two stories, kitchen, 12x18, barn and stables, two years.

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would sell sheep, cattle and horses with the farm. This farm without stock \$3000, half cash, balance two equal annual payments.

TOWNSHIP 54.

E. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-26. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from Rye post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$6.00 per acre, \$800 cash, balance easy terms.

TOWNSHIP 55.

W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section for grain and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25, 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Morinville, a town on the C. N. R., \$17.00 per acre.

N. E. 1-4 34-55-22, and S. 1/2 and N. W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

TOWNSHIP 56.

N. W. 1-4 8-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 50 acres of timber. This whole quarter can be cultivated with very little work, has frame house, 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance mortgage for two years.

N. E. 1-4 16-56-26. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 24x20 storey and a half; granary 20x30 hewed log, all fenced with wire, in a good locality. This farm is being offered for \$2000, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance six equal annual payments at 7 per cent interest.

SPECIAL COMMITTEE PRESENTS REPORT

Committee of Board of Trade Reports Re Postal Matters

Following was the report presented by the special committee of the board of trade yesterday regarding needed alterations in the local postal arrangements.

Matters of Complaint.—Your committee find that the service afforded by the Edmonton Postoffice is unsatisfactory to the citizens. Instances of annoying delays in the delivery of mails, to box-holders are numerous and frequent. Letters mailed locally take much too long to get into the boxes for which they are intended. Cases of mail being put into wrong boxes, thus delaying delivery to the parties to whom they are addressed, are believed to be unnecessarily frequent. After the arrival of the afternoon mail, the time taken to distribute it is considered too long. Though the train arrives at Strathcona at 5:40, and the mail is delivered at the Edmonton post office about 7:50, the distribution of mail is rarely, if ever, completed by six o'clock; and very frequently a considerable portion of this mail is not placed in the boxes until after 10 p.m.

The space provided and the facilities afforded for delivery of mail to the general public is entirely inadequate; and on almost every evening that portion of the post office to which the public have access, is very uncomfortably crowded by crowds awaiting delivery of mail at the windows, causing discomfort and inconvenience, both to the general public and to box-holders and others who may have occasion to enter the building. It is often a difficult matter for many of the box-holders to reach their boxes at all during a considerable portion of the evening.

The facilities afforded for the handling of registered mail, the sale of stamps, money orders and postal notes, the delivery of parcels, etc., is inadequate, and the cause of serious inconvenience to the public.

Your committee would point out that the unsatisfactory state of affairs complained of is not merely a temporary condition induced by the

rush of holiday business, though no doubt aggravated during that season. But the conditions complained of existed for a long time back, and are constantly becoming more aggravated; and your committee received instructions to investigate the matter some six weeks previous to Christmas.

Cause of Unsatisfactory Conditions.—Your committee have inspected the post office premises, and have endeavored to ascertain the causes of the unsatisfactory service, with a view to suggesting a remedy.

It is not considered that the unsatisfactory service is attributable to mismanagement on the part of the postmaster or his deputy, or to undue negligence or carelessness on the part of the staff employed. We have reason to believe that the deputy postmaster is an efficient and hard-working official, and that the staff generally is overworked.

It is considered by your committee that the matters complained of are caused by the unfavorable conditions under which the work of the office is conducted, attributable largely to the failure of the Post Office Department to realize the rapidly with which the business of Edmonton is developing, rather than to the local administration of the office.

A large proportion of the errors which occur in the distribution of mail probably arise from the fact that a portion of the staff are necessarily young and inexperienced persons, and the salary allowances made to the office is understood to be insufficient to permit of experienced assistance being employed at the wages which such assistance can command under existing conditions in Edmonton.

It is considered that the delay in getting the incoming mail distributed, as well as the crowding of the public portions of the office, and the other inconvenience complained of, are due entirely to the very inadequate amount of floor space in the premises. It is impossible, in the very limited space available, to get enough hands to work to handle the work of the office expeditiously, and the work is done under great inconvenience. It is found that a staff of eight are employed, all of whom are on duty at once during the busier portions of the day. It would not be practicable to make any increase in the staff, for the reason that the number now employed have not room in which to work.

Suggestions for Improving Conditions.—Your committee can make no suggestions as to how a satisfactory increase in the accommodation, either

for the staff or the public, can be provided for in the present premises. Nor do we feel that it would be reasonable to suggest to the Honorable the Postmaster-General that the Postmaster be required to provide more adequate premises unless the Government is prepared to materially increase the allowance for such purpose, as well as to make the postmaster some reasonable compensation for the expense incurred in building an addition to the present premises some twelve months ago, which it was expected would afford the relief necessary, but which the business of the office has again outgrown. It is found that the Postmaster receives from the Post Office Department, to cover rent, light and fuel, an annual allowance of \$800, while the actual expenditures under these heads are as follows: Rent \$870; light, \$180; fuel, \$50, totalling \$1100, leaving a deficit of \$300 a year. Under these circumstances, the postmaster could not reasonably be expected to incur the largely increased expense that would be entailed by the provision of more adequate premises.

It is considered that if larger premises can be obtained, the Postmaster should be instructed to secure them, and that his rent allowance should be increased to such extent as may be necessary to cover the increased expense.

It is understood by your committee that it is the intention of the Dominion Government to take early steps towards the erection of a post office building in Edmonton which will afford adequate accommodation for the business of the office. But it is pointed out that it will necessarily be at least two years before a building such as is required at Edmonton, can be completed; and it is quite likely to take longer. In the meantime, the present conditions, which are now the cause of so much complaint, and are in the opinion of this committee, discreditable to the Government Department responsible, will have become absolutely intolerable. Your committee is therefore of opinion that the board of trade is fully justified in demanding of the Postmaster-General's department, that whatever steps may be necessary, be taken at once, to afford immediate temporary relief; and that the consideration of the increased expense should not stand in the way of this being done.

This committee is also of opinion that mail cars should at once be placed on all regular passenger trains running into Edmonton or Strath-

FARMERS' PAGE

SHIPPING THE WESTERN GRAIN

(Toronto News)
Mr. Frank E. Gibbs, inspector of grain at Port William and Port Arthur has prepared an account of the manner in which the Canadian grain crop has been handled. The amount of grain forwarded from Port William and Port Arthur in 1905 was 42,000,000 bushels of which 41,000,000 were of wheat. American vessels carried 11,212,882 bushels of the crop. Of the shipments in Canadian vessels 6,623,009 passed through the St. Lawrence system to Montreal, and 1,003,771 went as far as Kingston. The remainder is accounted for in the main by the Georgian Bay, Lake Huron and Detroit river ports thus: Depot Harbor, 9,067,310; Owen Sound, 2,535,337; Midland, 2,417,468; Point Edward, 2,251,969; Goderich, 2,010,634; Meaford, 596,913; and Collingwood 489,788. There were also shipped 1,757,697 to Port Huron, 454,902 to Buffalo, and 212,183 to Erie. This refers to Canadian vessels. Buffalo received the bulk of grain shipped in American bottoms.

Mr. Gibbs says that the figures show emphatically the "fall down" of the railroads at the Georgian Bay and Lake Huron ports. Midland which in 1902 handled nearly six million bushels of Canadian grain, did not take care of half that amount this year. Canadian ports in Georgian Bay and Lake Huron handled only about the same amount of business as in 1903. "The increase in the movement of the United States channels. This would seem to show that the railroads are not keeping their equipment in the east up to the growing requirements of the west."

The increase in the shipment is striking—42,000,000 bushels as against 31,000,000 in 1904, and 36,000,000 in 1903. The new crop shipment from Sept. 1 to Dec. 12, was 30,358,066 in 1905, as compared with 17,116,221 in 1904. The increase in the movement of the new crop is also shown by the fact that it employed 23,252 cars of the Canadian Pacific Railway and 7,629 cars of the Canadian Northern as compared with 14,426 and 5,067 in the rush season of 1904.

The problem of the future, therefore, is, more cars for the Georgian Bay ports. The long water haul to Montreal represents an important outlet, and one that may become still more important through the enlargement of the canal. The day will come when vessels of the larger size may have a clear passage from Port Arthur and Port William to Montreal. But this and the all-rail route are for the future. At present the rail-and-water route, with transshipment at Georgian Bay and Lake Huron ports, has manifest advantages including a comparatively short water trip for the largest grain carriers. To use these advantages there must be deepening and other improvements at the harbors, where necessary, enlargement of elevator accommodation, and an ample supply of cars. This is a matter of importance in regard not only to the rapid transportation of a large and increasing volume of grain, but to the prosperity of the lake port towns of Lake Huron and Georgian Bay.

SEED SPECIAL STARTS

Brandon, Jan. 9.—The seed special which is to carry the tidings of clean seed to the farmers of the West, started on the first stage of its cross-country campaign this evening, after an auspicious opening this afternoon. The train is composed of a baggage car, two first-class coaches for the use of the officials accompanying the train. Each coach has samples of wheat, oats, grains, grasses, seeds, noxious weed, etc., on view, the last fully arranged, giving the cars a bright appearance.

HILL DOES NOT RETIRE

Toronto Globe: A report having gone into circulation that President Hill of the Great Northern and Northern Pacific Railways was to retire at the close of 1905, we are authorized to say that it is unfounded, and that Mr. Hill's time for giving up active work has not yet arrived. His many Canadian friends and admirers will be pleased to learn that, after celebrating his sixty-seventh birthday two months ago, he still feels young enough to carry burdens which most men of his years would find too heavy to bear. All who are interested in the great railway and steamship enterprises of which he has long been the controlling spirit will learn with much satisfaction that they are still to have the benefit of his experience, sagacity, and reputation. Mr. Hill is a native of this Province, and Canadians generally will unite in wishing him many happy New Years and many returns of his birthday.

—Application will be made at the next session to incorporate "The Mackenzie River, Fort Simpson, Laird Post and Yukon Railway Company," with power to construct a line or lines of railway from a point near Fort Simpson, at the junction of the Laird River with the Mackenzie river, North West Territories, thence running in a southerly direction to Laird Post, at the junction of the Dease river and Laird river; thence northerly along Laird river to a point about where 61st parallel intersects, thence in a northwesterly direction between the Campbell mountains and Findlayson river and Findlayson lake to Pelly; thence in a westerly and northwesterly direction along Pelly river as far as Farn river; thence in a northwesterly direction, as nearly as possible on a straight line to Dawson City, all in the North West Territories of Canada.

For 33 Years

Shiloh's Consumption Cure, the Lung Tonic, has been before the public, and this, together with the fact that its sales have steadily increased year by year, is the best proof of the merit of

Shiloh

as a cure for Coughs, Colds, and all diseases of the lungs and air passages. Those who have used Shiloh would not be without it. Those who have never used it should know that every bottle is sold with a positive guarantee that, if it doesn't cure you, the dealer will refund what you paid for it. Shiloh

Has Cured

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicines, but nothing did me any good until I used Shiloh's Consumption Cure. Four bottles cured me. This winter I had a very bad cold, was not able to work, my lungs were sore on the side and back. Six bottles of Shiloh made me well again. I have given it to several people and every one of them have been cured."—J. Joseph, St. Hyacinthe, Que.

SHILOH

25c. with guarantee at all druggists

Monkey Brand Soap makes copper like gold, tin like silver, crockery like marble, and windows like crystal.

No roughened, chapped hands if Lifebuoy Soap is used. It's as healing as it is cleansing.

SUNLIGHT SOAP

Wash oilcloths and linoleums with warm water and Sunlight Soap, rinse clean and wipe dry. The colors will be preserved and the surface unharmed.

Common soaps fade the colors and injure the surface. Sunlight Soap cleans, freshens and preserves oilcloths and linoleums.

Sunlight Soap washes clothes white without injury to the most delicate fabrics, or to the hands, for it contains nothing that can injure either clothes or hands.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Equally good with hard or soft water.

HOCKEY

Dr. Reid, of Edmonton, has donated
eight silver medals to be played for
between the Intermediate teams of
Edmonton and Strathcona. The win-
ners of two out of three matches will
take the medals, and the games are
to be played on Edmonton ice, but
in case Strathcona wins the first
match, the second game will be
played in Strathcona. Dates are be-
ing arranged for the games, and it
is likely that the first match will be
played within a week. Secretary
Chester Banford, of the Intermedi-
ates, is in communication with the
secretary of the Red Deer team,
with the object of arranging a
match between the teams to be play-
ed in Edmonton next Friday. This
is the first year that medals have
been donated for intermediate games
and it is expected that more than
one set will be forthcoming for com-
petition before the close of the seas-
on. The Intermediate Thistles have
made a brilliant showing thus far
this season, having won the first two
games away from home, and the
team is deserving of every encour-
agement.

Tomorrow night's game between the
senior Thistles and the Strathconas, as
far as can be seen, will be an interest-
ing one, and promises excitement for
those who purpose attending. The
Thistles, of course, will have a much
stronger team than that which suf-
fered defeat last Thursday. Strathcona
will be short of Hampton, who has
not yet recovered from the injury he
received last week. Manager Richards
has not yet decided what the line-up
of his team will be. But the game
will be well worth seeing.

The seniors had no practice last
night, but will be on the ice tonight
before skating time.

The intermediates gathered at the
Pondicis last evening, at the invita-
tion of Manager Corbett, and en-
joyed a royal feast. Nearly all the
members of the team were present,
and also several of their friends. The
boys did full justice to the excellent
repast set forth by Messrs. Finch &
Morton, and talked hockey for an
hour, after which several toasts were
proposed. President L. Goodridge, in
responding to the toast of the Pres-
ident, said on behalf of the Presi-
dent of himself and Frank Goode, that
they had decided to donate a set of
silver medals to be played for with
such teams as the manager could ar-
range for. The announcement was
received heartily by the boys.

THE SONG OF THE SKATE

One more unfortunate
Trusting the fates,
Rashly importunate,
Tried on the skates.
Pick her up tenderly,
Loosen it's straps,
Fashioned so slenderly,
Unused to mishaps,
Oh, it was pitiful
That she should flop
Where a whole city full
Must see her drop.
Pick her up tenderly,
Smooth out her dress,
Fashioned so tenderly,
Made to caress.
Out she struck trustfully,
Skating gaily,
Down she came busily
On the hard floor,
Pick her up tenderly,
So good and so true,
Fashioned so tenderly,
What could she do?
Ramping indignantly,
Jolting the men,
She is pure womanly,
And tries it again.
Pick her up tenderly,
What does she care?
Fashioned so tenderly,
So plump and so fair.
—Merchant Traveler.

CURLING

There were two games played off
last night in the competition for the
Edmonton Brewing & Malting cup.
The scores were:

A. A. Mooney, Jno. Morris, A. E.
Jackson, J. McDonald, skip 11, V.
Toole, F. Wright, F. Goode, C. McNeill,
skip 7.
R. L. Haskell, D. McKinnon, J. B.
Meyer, R. Metz, skip 6, W. A. Dwy,
J. Lindsay, A. Brown, J. H. Pearson,
skip 10.

The draw for tonight:
Bollamy vs. St. Jeplet, Kinard vs.
Skidmore, Seward vs. Thomson.
Thursday, January 11th:
Campbell vs. Moore, May vs. Wize,
Hardisty vs. Galbraith.

MAKING MONEY FASTER THAN ROCKEFELLER

It is not often in the career of an
athlete that his time is worth 66
cents a second. According to the
agreement made between Blatchford,

Raemer and Curran, that is what the
last minute of the time of the local
boys will be worth, if they can go the
hour. The deal is that they are to get
\$1.00 a minute for all the time they
stay, and \$100 if they stay the hour.
If they stay fifty-nine minutes, they
get \$59, but if they stay one minute
more and make the full hour, they get
\$100. That makes the last minute of
the 60 worth \$41, or roughly speaking,
66 cents a second. If the boys get
that far along they will undoubtedly
do some full hustling to keep out of
the Montana man's way for a few
seconds of the last minute any way,
add hockey

THE REMY MURDER TRIAL

A Helena dispatch says: As the
Remy murder trial proceeds, excite-
ment grows intense. A conviction is
anticipated, although the evidence is
dramatic. In the event of a dis-
agreement Remy is likely to meet a
worse fate than hanging. Public senti-
ment is overwhelmingly against the
prisoner, who is visibly agitated.

Friends of Mr. Oliver Sr. in turn oc-
cupy seats near Remy. They are re-
ported to be armed, and in the event
of a disagreement by the jury the
prisoner's fate will soon be settled.

The prosecution has established the
presence of Remy and Young Oliver,
the murdered man, in a camp near
Wolf Creek at the time of the alleged
murder. It was a dramatic scene in
the court when the father, overcome
by emotion, identified various articles
found in Remy's possession in Van-
couver as the property of his son.

Over a hundred women were in the
courtroom. Many broke down and
wept.

Medical testimony respecting the au-
topsy on Tuesday showed that there
were no bullet wounds in the body.
Death was due to fracture of the skull.
The evidence dealing with the fight
and capture of Remy is not given yet.
Smith has issued an order excluding
boys from the courtroom. Remy has
stated that he will never be hanged.
He is carefully guarded by half a
dozen deputies. Threatening groups
gather at the door of the courtroom
when the prisoner goes to and from
the jail. Among his companions in the
prison are six persons awaiting trial
on charges of murder. Two of them
are Nervenses. Lynching is not un-
common here. Dents in the jail door
show the method by which a mob at-
tempted to effect an entrance two
years ago, when the prison was situ-
ated and a prisoner charged with cri-
minal assault was dragged forth and
hanged to a tree in the public square
a block from the Governor's residence.
Detectives Mulhern and Waddell paid
their respects to Governor O'Toole to-
day.

SPECIAL COMMITTEE REPORT

Continued from page five

cona. This would tend to distribute
the work of sorting incoming mails
over a longer period, by having por-
tions of the incoming mails arrive
at different times of the day, in-
stead of all at once at the busiest
time of the afternoon as at present,
and would also check the tendency
of the public to all who go for mail
at about the same time in the even-
ing, as the mails arriving by the
Canadian Northern Railway, and the
C. & E. night train would be ready
Your committee is of opinion that
quite apart from the present question
of the temporary relief of overwork-
ing at the Edmonton post office, the
immediate establishment of a rail-
way mail service is urgently required
in the interests of the public, not only
of Edmonton, but of the very large
territory of which Edmonton
is the business centre.

It is considered that the present
state of congestion would be very
considerably relieved by the establish-
ment of a system of free street de-
livery of mail in Edmonton. Your
committee is of opinion that the time
has arrived when such free delivery
has become a necessity, and the need
for such a service should be strong-
ly impressed upon the attention of
the Honorable the Postmaster-Gen-
eral.

Your committee would at the same
time point out that before such a
service could be instituted, a system
of street numbering must be carried
out by the city authorities.

In the opinion of this committee,
at least, additional street letter
boxes should be placed in position
throughout the city.

Edmonton, Jan. 5, 1906.

NOTICE

On and after the 15th January the
business formerly carried on by W.
Johnstone Walker, will be taken over
by W. Johnstone Walker and Co'y.
All accounts owing to Mr. Walker
must be paid to W. Johnstone Walker
and Co'y. who will pay all accounts
against the business.

LOCAL

—The Ancient Order of Foresters
 meet in the National Trust building,
 Wednesday evening, to elect delega-
 tes to the district meeting in Calgary.

—A parish social will be held in
 All Saint's school room tomorrow
 evening 8 p. m. A special invitation
 is extended to new comers of the
 parish to be present.

—In yesterday's Bulletin a report
 of an accident on the Strathcona hill
 said that Potter & McDougall's tal-
 ly-ho bus was upset. As the Edmon-
 ton Livery runs this "tally-ho bus,"
 they wish to state that it was
 the transfer bus and not the tally-ho
 that was upset.

—N. D. Beck, K.C., of the firm of
 Beck, Emery & Newell, Edmonton
 and city solicitor, was married yes-
 terday afternoon at Richmond Hill,
 Ont., to Miss Louise E. Teefy, daugh-
 ter of M. Teefy, of Toronto. Mr.
 Beck and his bride are expected to
 arrive in Edmonton at the end of
 the month, when they will take up
 their residence here.

—Alberta Advocate: The Edmon-
 ton Bulletin is now published as an
 eight page paper daily. In the first
 of the new issue last week there was
 a reprint of the paper as it was a few
 years ago, and the wonderful differ-
 ence in the style, size and bearing
 shows the rapid growth of the city
 and country calling for such advance.
 A modern complete plant has been
 installed, with engine power to meet
 all demands at great cost. We wish
 the company the fullest success in the
 venture and do not doubt it will be
 found that circumstances justified the
 big advance.

—T. M. Knappan, secretary of the
 Western Canadian Immigration As-
 sociation, is in the city for a few
 days. The association is nearing the
 close of its two-year term of organ-
 ization, and the members are consid-
 ering the question of carrying the
 association on for another two years.
 Mr. Knappan is in Edmonton for the
 purpose of meeting the members of
 the Provincial Government with a
 view to obtaining an appropriation
 from the government to aid in car-
 rying on the work of the association.
 An appropriation of \$5000 has been
 given by the C. P. R., and the Dom-
 inion Government has given \$10,-
 000. The C. N. R. have practically
 promised another \$5000, and it is ex-
 pected that the G. T. P. will give a
 like sum. From private subscribers
 in Manitoba and Winnipeg, about \$5,-
 000 has been secured.

EDMONTON WILL HAVE THE EXHIBITION.

Continued From Page One.

to clear the lanes. The motion was
 carried.

Mr. Haldane and Mr. Watson
 brought it to the attention of
 the council that city buildings near
 the Mounted Police barracks were be-
 ing rented to a disorderly class of
 people and said that it was a disgrace
 that such was the case.

The council asked the commissioners
 to look into the matter and if the ten-
 ants were found undesirable to turn
 them out.

Mr. Spiers of the Toronto Globe
 appeared before the council and made
 a proposition to write up the city for
 \$100 a page in the weekly magazine
 supplement. He claimed a circulation
 of 100,000.

Alderman Boyle stated that a cer-
 tain sum was always placed in the
 hands of the board of trade for adver-
 tising purposes and that they were ex-
 pected to look after all such matters.
 He suggested that Mr. Spiers consult
 the board of trade.

A communication from Gustave
 Plunkett, re the impounding of his
 horses was read. He claimed that
 the horses had got loose in the mar-
 ket square with the harness on and
 that the pound-keeper had prompt-
 ly grabbed them and placed them in
 the pound, charging him \$3.75 to get
 them out.

The poundkeeper was ordered to re-
 fund the money.

The Imperial Bank of Canada wrote
 stating that the city's rate of in-
 terest was reduced from six to five
 per cent., commencing January 1.

The chief of police wrote with re-
 gard to police protection. He re-
 commended that three more officers
 be put on. He said that there were
 only four officers now, of whom two
 were for night duty, a force totally
 inadequate to cover anything but the
 business section. He said two more
 men on night duty to cover the mill
 flat and north end and a plain clothes
 man for detective work were neces-
 sary.

Ald. Boyle pointed out that the
 commissioners would bring in a re-
 port at the next meeting.

Lepriste & Freyppel offered to sup-
 ply the city with Pasteur filters,
 which they say are a positive guar-
 antee against cholera, typhoid or any
 other kind of contagion, at \$15 each.
 The communication was filed.

The report of the streets and parks
 committee, which was the first mat-
 ter taken up at the meeting, was
 referred to, and the report filed.

The telephone committee reported
 its decision to employ Kilb, as con-
 sulting adviser, or have him recom-
 mend some competent person.

Ald. Griesbach recorded a protest
 against the publication of the reports
 of committees before the same were
 brought before the council. He stat-
 ed that he had read in the Bulletin

ST ANDREW'S SOCIETY.

MEETS IN COUNCIL CHAMBER

Thursday, Jan. 11th, 1906

AT 8 p.m.

All Members Requested to Attend
 And all Scotchmen Invited to Join

BY ORDER.

HARRISON S. YOUNG, Secretary.

all about the action of the committee
 before the committee had reported.
 He thought that the committee
 committee meetings should be secret.

Ald. Boyle wanted to know if the
 committee was in favor of the auto-
 matic system.

Ald. Latta stated that they had
 taken into consideration what in-
 formation was before them and were
 favorably impressed with the auto-
 matic, although they had not seen it.

Mayor May said that the proper
 way to get at the merits of the
 different systems was to appoint an
 Edmonton man to visit different
 cities and get from the subscribers
 themselves at first hand their ideas
 of the various systems.

The report recommending that Mr.
 Kilb be employed was adopted.

Another motion was passed request-
 ing Alderman Manson, who is about
 to go east, to investigate on the
 city's account and bring them back
 a report on the systems he has seen.

Ex-Mayor Mackenzie, who attend-
 ed as a guest of the mayor, told for
 the benefit of the council, what he
 had seen in Grand Rapids and other
 places of the automatic.

The civic buildings committee,
 which was appointed to look into
 plans for an isolation hospital, report-
 ed that they thought the plans pro-
 vided far too small a hospital and
 recommended that competitive plans
 be called for. The committee also re-
 ported that an estimate had been
 asked for the cost of a road down
 to the site recommended.

The report was adopted.

Alderman Ford made an additional
 report to the effect that he had con-
 ferred with Sister Superior of the gen-
 eral hospital and that she had offered
 to sell the city a piece of land adjacent
 to that institution or lease a
 plot, with the option to purchase at a
 future date, and that the general hos-
 pital would undertake to care for the
 patients at one dollar a day.

As Alderman Manson will be away
 for a few weeks, Alderman Boyle's
 name was added to the civic buildings
 committee.

A report of Commissioners Har-
 greaves and Kinnaird recommended as
 a protection to public health that
 team of horses and a scavenging out-
 fit be purchased and maintained as a
 street cleaning department. The re-
 port was adopted.

The commissioners recommended the
 appointment of Sydney A. Main as
 sanitary inspector, whose business it
 would be to look after and report on
 unsanitary premises. Besides these
 duties he would act as caretaker and
 nurse of the isolation hospital and as
 quarantine officer. This report was al-
 so adopted and Mr. Main will com-
 mence his duties tomorrow morning.

The accounts recommended for pay-
 ment were ordered paid. Hereafter
 copies of the accounts will be type-
 written and submitted to the Alder-
 men at the commencement of the
 meetings.

Alderman Boyle moved that all the
 papers, documents of all kinds, corre-
 spondence, and every information with
 relation to the street railway charter
 be laid on the table.

Alderman Griesbach seconded the
 motion which was passed.

A general extemporaneous discussion
 of railway matters and possibilities.
